GIve the Power to the Patient

Take appointments anywhere, anytime. Optimize your time while at the same time offering your patients a convenient way to get care. You and your patient use the same interface, giving you the ability to check their medical history and create cases while you talk to them.

See how it works.

Triage

Assign exam rooms, add vitals and complete your visit context quickly by collecting and uploading additional data as you triage.
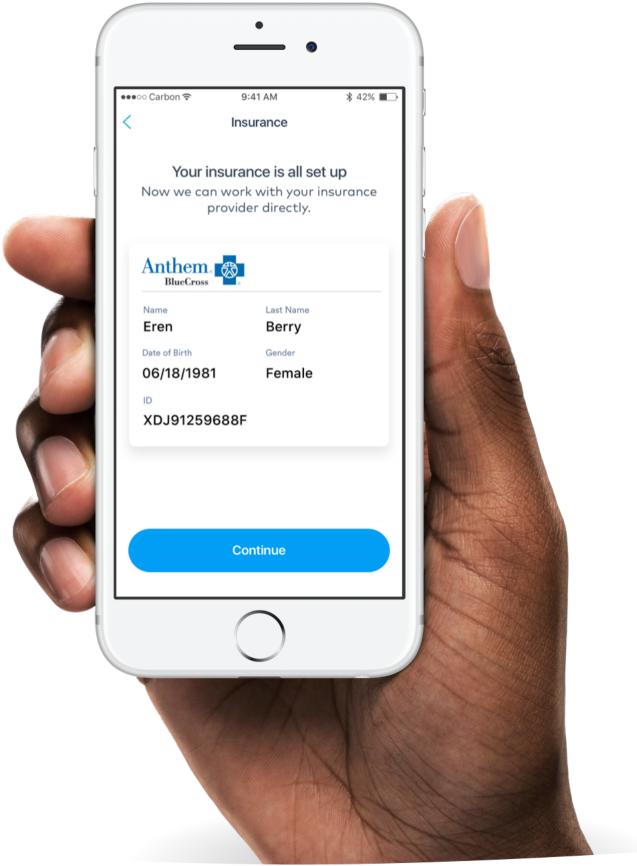

- Add Vitals
- Medical History
- Review HPI
- Assign a Room
